

HAPPENINGS IN AND ABOUT TOWN

LIQUOR FOES HOLD BIG FIELD DAY

Anti-Saloon Workers Greeted With Enthusiasm in City and County.

Good attendance and great enthusiasm of workers were reported at all the churches of the city Sunday at which special services in honor of the annual field day of the Anti-Saloon league in St. Joseph county were held. Ten workers of the league were present in the city Sunday and 23 meetings were held, 20 of them in South Bend and Mishawaka, two in New Carlisle and one in North Liberty.

E. S. Shumaker, state superintendent of the Anti-Saloon league, was the leader in the services yesterday and in the morning occupied the pulpit at the First Methodist Episcopal church, while in the evening he delivered an address at St. Paul's M. E. church.

Some of the points made by Mr. Shumaker in his two addresses, and which were also developed by his co-workers were that 6,000,000 fewer barrels of beer were consumed in the United States during the fiscal year ending June 30, 1914, than were consumed during the preceding year, while 11,000,000 fewer gallons of whiskey were used last year 24,000 saloons went out of business in the United States.

Sees State Dry in 1920.

The speaker said that great interest was being taken in the fight against the saloon throughout the state and made the prediction that Indiana would be dry by 1920. His reason for this was that there were enough men nominated for the lower house of the state legislature by all parties that to secure their election, for which the league is working, would insure a majority for the dry's in the house and that the pressure would be so great upon the senate that they could not resist the voice of the people.

If a state-wide prohibition law should not be passed at the next session of the legislature, Mr. Shumaker ventured the opinion, that the movement would receive such an impetus that the matter would be deferred only until 1919. The work which the league has been doing to secure the abolishment of the saloon was one of the topics dwelt upon by all of the speakers.

Among the other speakers were C. J. Emerson of Muncie, who spoke at the Epworth Memorial church in the morning; E. A. Miles of Indianapolis, state secretary, who talked in the morning at the First Presbyterian church in Mishawaka and in the evening at the First Baptist church, here.

Dr. John Wadner of the Hawaiian Islands, who has been in the United States trying to secure federal legislation looking to prohibition in the islands delivered a talk at Hamilton in the morning, spoke at a his union meeting at New Carlisle in the afternoon and filled the pulpit at the River Park M. E. church last night. K. C. Minton, attorney for the league, spoke at Westminster Presbyterian church in the morning and in the evening at the First M. E. church in Mishawaka.

George W. Titus, field secretary of the league filled the pulpit at the First Christian church in Mishawaka Sunday morning and spoke at North Liberty in the evening. S. P. McNaught, delivered the sermon at the Grace M. E. church in the morning, while State Organizer Leckie addressed the congregation of Stull Memorial church in the morning and spoke at the Trinity M. E. church at night.

Rev. James E. Cox was the morning speaker at the First Presbyterian church and in the evening spoke at the Trinity Methodist church.

Next week the members of the squad which visited South Bend will visit Indianapolis. A week ago a series of meetings were held there but there were so many churches that could not be reached that a second campaign was planned.

PRIZES FOR DOG AND CAT SHOW ANNOUNCED SOON

Premium lists for the dog and cat show the first week of December will be issued soon. The second floor of the Union Trust Bank building has been secured for the show. Mrs. R. E. Dunbar has received many inquiries from other states.

Soldier on Border Writes that Villa Getting Firm Hold

Conditions and a picture of army life, that the boys of the Indiana National guard are experiencing are given in a letter from Corporal W. C. Dailey, Co. K, 22nd Infantry, Indiana who is stationed at Llanito Grande, Texas, to his sister-in-law, Mrs. Lena Kovach of 1316 Liston t., South Bend. From Corporal Dailey's letter it seems that Villa is gradually getting control, over Mexico and if that is the case there will be fighting.

The letter is dated Oct. 26, and part of it is as follows: "Things look a little bad for us now. You see the Mexican general Villa hates us United States and we are trying to get him. If Villa gets control of Mexico we will have to fight and I look now as if he would, as he captured one of the largest cities yesterday, killed 1,000 of Carranza's soldiers, and captured fourteen whole train loads of guns and ammunition. You see he has a lot to go on now and it looks bad for us, but if we are to fight the sooner the better. I think we can make the hair fly if they just say go."

"I am sending you a picture that was taken of our army here at Llanito Grande. It was taken about a week ago when Gen. Funston was here. You can see a white cloud over at one side of the lines—that is the smoke from the cannon. Thirteen were fired as Gen. Funston came up."

"We had a parade through Mercedes the other day and the parade, including the batteries, machine guns, hospital and signal corps was eight miles long. You might like to know how the general could give his commands to an army eight miles in length and I will tell you. "We are all taught to give and receive commands by the use of signals, one of which is the flag. Different positions of the flag represent letters and all of the commands are spelled out. Another is by the Morse alphabet and lights are also used. Most of our drilling is done by signals, certain waves of the arms telling us what to do."

NEWSBOYS TAKE SWIM

Club Is Organized at Y. M. C. A. After Plunge.

"Newsies" of all ages and nationalities were up bright and early yesterday morning and answered the call of "the old swimmin' hole," at the Y. M. C. A. Yesterday was the first swim of the year for the boys and the Newsboys' club was also reorganized. The doors were open at 10:30 o'clock and for an hour they romped in the gymnasium, then took their swim. Following this they enjoyed a talk and entertainment.

CHURCH CLEARS ITSELF OF DEBT

\$22,000 Raised by Congregation of First Christian at Sunday Services.

The sum of \$22,000 was raised Sunday at the celebration of the seventh anniversary of the building of the First Christian church. The sum is sufficient to wipe out entirely the debt incurred in erecting the present building. Six hundred members of the congregation were present at the meeting Sunday at which the amount necessary to wipe out the church debt was raised. The services were under the direction of Rev. G. L. Snively of Lewiston, Ill., and the pastor, Rev. J. M. Alexander.

The First Christian church was organized 65 years ago, in August 1851, with 38 charter members. At that time \$600 was subscribed for the building of the first house of worship on the site where the present structure stands.

Rev. Mr. Snively spoke yesterday morning on the fundamentals of the Christian faith. A basket dinner was served at the noon hour by the Pastor's Aid society. At 5 o'clock Holy Communion was administered and a memorial service was held in memory of the dead. At the evening service Rev. Mr. Snively spoke on the "Immortality of the Soul."

SPANISH WAR VETS DROP BAKER MATTER

Fear of Rupturing Entire Organization Causes Halt on Probe of Resolution.

Due to the intense feeling and the possibility of a break in the ranks of the Harry O. Perkins Camp, No. 23, Spanish War Veterans, the members of that organization did not take further action regarding the resolution that was sent by a few members of the camp to Pres. Wilson requesting the dismissal of Sec'y of War Baker, because of his remarks on the soldiers of the resolution.

Saturday night's meeting was one of the largest that has ever been held, there being over 100 of the members present. The meeting was called for the purpose of investigating the conditions that surrounded the sending of the note by certain three republican members and claiming it to be the sentiments of the entire camp. This fact caused the rest of the camp to get up in arms and demand some explanation for the act. But when the camp met Saturday night the two factions were so bitter and angry that it was seen that further action on the matter would cause a serious rupture among the members, and the matter was therefore dropped by both sides.

CONCERT AT TURNER HALL.

A concert, the proceeds of which will go to the German Turner Aid society fund was given at the Turner hall last evening and was well attended. The concert was given by the Turner Male chorus which was assisted by Miss Josephine Decker, contralto, Miss Wilda Shonts, violin, and the singing section of the Turnverein.

MRS. MATTHE SHORT.

The funeral of Mrs. Matthe Short, 925 Lawrence st., who died Saturday was held Monday afternoon at 2:30 o'clock from the Lowell Heights church. Rev. Black officiating. Burial was held in River-view cemetery.

"Crazy Frank" to Be Patron Saint Of Republicans

Tuesday morning promises a full-grown "Crazy Frank" brigade in South Bend, republicans in uniform—the uniform of a buxom white linen badge, inscribed: "Republican success is certain. It means prosperity, economy, peace, efficiency, patriotism." More would probably be promised were the 3 by 5—piece of a sheet,—big enough to hold it. It was calculated that no light would be permitted to shine on these badges until election morning, but somebody made the mistake of sending one of them to one of the many republicans who are for Wilson, and who regards the inscription as a broken sham.

A letter from Will H. Hays, republican state chairman, and countersigned by L. W. Henley, secretary, with as much formality as though it were a Hughes note recognizing Assassin Huerta, accompanied each badge to the invited wearer. The letter runs: "Dear—

"WE ARE NOT TOO PROUD TO FIGHT" on election day for republican success.

"We believe republican success means prosperity, economy, peace, efficiency and patriotism, and propose to go after it accordingly."

"To make this victory certain it will require the active efforts of the republican workers at the polls on election day. No one doubts that the responsibility of the individual worker can not be shifted. It is the duty of every one of us to go to the polls the morning of election day and stay with us until they close."

"Enclosed is a badge, which we want you to pin on your coat before you start out to the house on election morning, and wear it all day. You will be one of the 100 thousand men who have on one of these badges. Fifty-three thousand and two hundred are being sent by this mail in individual letters to individual workers, just as this is sent to you. Every one of these 53,200 men will be wearing a badge on that matter, and I am confident that every one of the 53,200 men will go to the polls and work there until night."

"In addition to the 53,200 mailed in this manner to the workers, we are sending some to each precinct committeeman, and asking him to distribute them among the loyal workers."

"Do not wear this until election morning, but on election morning put it on, wear it from the house, wear it all day, and work all day for republican success."

"If you do all this there will be no doubt about the result, and you will have the satisfaction when it is over of having done fully what each knew to be our duty."

"With kindest regards, I am, Sincerely yours, WILL H. HAYS, Chairman."

"L. W. HENLEY, Secretary."

Everybody in South Bend knows who "Crazy Frank" was—Frank Seigfried,—and now his ghost is to return in multiples on Tuesday, to perform as a Hughes' perambulating bill board.

POLICE BRIEFS.

E. L. Brown of Reedsville, Mich., dropped in on Chief Kuespert, Sunday afternoon and said that he had been relieved of about \$30 and a gold watch by a boy he met when he came out of a dentist's office Friday afternoon. Brown thought that Sunday was Saturday and after being questioned by Kuespert admitted taking a few drinks and losing a day out of the calendar.

The man said he came to town Friday afternoon, went to the dentist's, and happened to meet this boy, whom he could not describe but who sympathized with him and took him to a barn to sleep. When Brown woke up it was Sunday and his money and watch had disappeared, as had the boy.

Kuespert admonished him not to come to town again without a chaparron and Brown promised the chief that he would not be back in South Bend.

Prowlers have been hanging around the residence of J. F. Jacobs 1512 S. Michigan st., all week and Saturday night they paid open the lock on the garage but did not take anything. Early in the week, someone pried open a window in the house but was frightened away by a dog. Jacobs has asked the police to keep an eye on the place during the night.

Mike Mincinski, 602 S. Meade st., believes that some of his neighbors whom he had arrested for permitting cows to run at large over his property, threw a stone through his front window Sunday afternoon.

ELECTION DAY WEATHER

WASHINGTON, Nov. 6.—The weather bureau Sunday night issued the following special election day forecast:

On Tuesday, election day, moderate temperatures and generally fair weather will prevail in nearly all parts of the United States; weather will be unsettled, however, in the region of the Great Lakes and the extreme upper Mississippi valley and rains are probable in the north Pacific states and the north Rocky mountain region.

ORDERS GIVEN TO HOLD COAL CARS

Evidence at Hand Showing Deliberate Attempt to Cause Shortage.

Direct evidence that railways are deliberately holding up big consignments of coal, not far outside of South Bend as part of a wide scheme to shoot up prices and at the same time cause a shortage of cars, and perhaps disparage public indorsement Tuesday of the democratic administration, came to light Sunday. Copies of two orders given to B. & O. train crews bear out the inference. Both are dated Garret, Ind. and read respectively as follows:

C. & E. West. Leave your P. & R. coal on west siding Millers. Back it to east end of siding.

J. H. JACKSON. C. & E. 2355 West. Leave all your hard coal on west siding Millers and back it to east end of siding. Advise when siding blocked.

Inferences are obvious as comparisons, but it is difficult to believe, it is said, that the coal shipments are not being deliberately held up. It is held that possibly the coal is being side-tracked to make way for other freight.

Other Roads Doing It. But the fact remains that other roads are doing the same thing. It is said, that the coal shipments are not being deliberately held up. It is held that possibly the coal is being side-tracked to make way for other freight.

It is known that west of South Bend along the C. I. & S. car after car of coal is standing on the sidings. It is reported that at Chicago Junction two whole train loads have been shunted into a siding within the past 48 hours and 22 cars were set off at Millers on the B. & O. Saturday with more Sunday.

A Lake Shore engineer reported that every siding is stored with cars and train loads of hard coal held until further notice.

Since there is a reason for everything these little tricks may account in part for the high prices South Bend is paying with the rest of the nation for coal and finds it difficult to get it at that.

SINAI SOCIETY MEETS

Plan Dancing Party for Thanksgiving Evening.

A social and literary program was given at the meeting of the Sinai society yesterday afternoon at the Oliver hotel.

The social program consisted of character dances by Esther Rosenberg and piano selections by Theophilus Mokielewski of the South Bend conservatory of music. A debate on the subject, "Resolved: The Reformed Judaism is for the Better Jew," was given with Fanny Grunwald, Celia Abrams, and Morris Posin on the affirmative side, and Blanche Grunwald, Anna Weisberger, and Joe Gross on the negative side.

The reports of the various committees were heard and the social committee announced a dancing party for Thanksgiving evening at the Farmer's Trust hall.

"PROHIBITION TICKET."

Made your vote count two for prohibition and help force the issue. If the democrat and republican who desire to see the overthrow of the liquor traffic but do not want to lose their votes (as they vainly talk) would pair off and vote the prohibition ticket they could do so and in no way injure the old party candidates and in so doing vote as wisdom dictates. And thereby build up the prohibition party, the only party declaring against the liquor traffic.

For president and vice president J. Frank Hanly and Ira Landreth. For congressman J. M. Jolly. For representatives, William H. Freshley, L. Lemuel Kilmer, Patrick Emmons. The balance of the ticket is complete. Vote it straight and it will bring you sobriety and permanent prosperity.—Adv.

PARRAL ABANDONED?

Carranza Garrison Quits, Say Passengers From Chihuahua City.

EL PASO, Texas, Nov. 6.—Parral has been abandoned by the Carranza garrison under command of Gen. Luis Herrera, according to passengers arriving in Juarez Sunday night by train from Chihuahua City. Nothing could be learned, however, of the Americans there, they said.

MENOCAL ELECTED

HAVANA, Nov. 6.—Dr. Juan L. Montalvo, assistant secretary of the interior, announced Sunday night that, according to figures received by him, the re-election of Pres't Mario G. Menocal over his liberal opponent, Dr. Alfredo Zayas, was assured.

CARDINAL IS DEAD

ROME (via Paris, Nov. 6).—Cardinal Francis Della Volpe, prefect of the congregation of the Index, died Sunday morning. He was born at Ravenna, Dec. 24, 1844.
